ABOUT THIS PACKAGE

Same Day Kedarnath by helicopter is the fastest way to seek darshan at the sacred Jyotirlinga shrine of Lord Shiva.

Ideal for pilgrims with limited time, senior citizens, and families who cannot manage the long trek from Gaurikund, this package takes you from Dehradun to Kedarnath and back within a single day.

You fly from Sahastradhara Helipad (Dehradun) to Phata / Sersi / Guptkashi, then take a short shuttle flight of about 7-10 minutes to the Kedarnath helipad.

After VIP darshan (typically up to 2 hours at the temple), you return the same route to Dehradun.

Badrinath Air Support handles tickets, ground coordination, and darshan assistance so your yatra stays smooth and well timed.

PERSONALIZED CARE

One coordinator from helipad check-in to VIP darshan and return — briefing, boarding, and temple assistance handled for you.

WEATHER-READY EXPERTS

We track morning flying windows closely and reschedule same-day slots when Himalayan weather stops operations.
